Fall River, MA • priamoskoumas@gmail.com • 508-493-9306 • linkedin.com/in/priamos-koumas-0a8558192

Available January 2026 – December 2026

EDUCATION

Northeastern University, Boston, MA

Master of Science in Computer Science (Candidate)

Coursework: Object-Oriented Design; Data Structures, Algorithms, and Their Applications; Intensive Foundations of Computer Science; Discrete Structures

University of Massachusetts Dartmouth, Dartmouth, MA

B.S. in Management Information Systems – Technology and Management | GPA: 3.9 / 4.0 | Summa Cum Laude

Coursework: Database Design & Implementation; Business Intelligence & Analytics; Information Systems Analysis & Design; Exploratory Data Analysis; Advanced Information Systems; Quantitative Reasoning

PROJECTS

Healthcare Data Analytics Dashboard — Power BI | Dec 2025 – Jan 2026

- Built an interactive Power BI dashboard analyzing patient demographics, smoking behavior, and associated health risks.
- Cleaned and modeled healthcare data, then designed visuals to surface trends and communicate findings to non-technical stakeholders.

Breast Cancer Diagnosis with Machine Learning — Python | Nov 2025 – Dec 2025

- Built and evaluated classification models on clinical and histological data to distinguish malignant from benign tumors.
- Iterated on feature selection and model tuning to improve predictive accuracy and reliability across test sets.

Digital Data Solutions for Nonprofit Organizations — Capstone, UMass Dartmouth | Jan 2024 – Apr 2024

- Developed a Salesforce-based intake system that reduced manual processing time by approximately 60% and improved data accessibility.
- Designed a scalable digital workflow that improved data accuracy and reduced duplicate records across the client's intake pipeline.

EXPERIENCE

University of Massachusetts Dartmouth — Charlton College of Business | Dartmouth, MA

Student Ambassador & Peer Mentor | Oct 2023 – May 2024

- Represented the Charlton College of Business at academic, outreach, and recruitment events; supported prospective and current students with course planning and campus resource navigation.

Apple | Providence, RI

Product Specialist | Nov 2021 – Jun 2023

- Advised customers on Apple hardware, software, and services, translating technical detail into clear, user-friendly guidance in a high-volume retail environment.

TECHNICAL SKILLS

Data & BI: Power BI, Tableau, Excel (PivotTables, formulas), data cleaning, data modeling, dashboard design

Languages: Python (Pandas, NumPy), R, SQL, Java, C

Databases: MySQL, relational database design

Tools: Git, JUnit, Salesforce, command line

HONORS & AWARDS

Summa Cum Laude (UMass Dartmouth) • Helen A. LaFrancois Award for Excellence in Performance, Junior Year (2023) • Beta Gamma Sigma International Honor Society (AACSB business programs)
